## **THE ADVANCED ROADSIDE IMPAIRED DRIVING ENFORCEMENT (ARIDE)**

APRIL 13-14, 2020  
11 MEADOWS CIRCLE DRIVE, #422  
LAKE SAINT LOUIS, MO.  
BUSINESS CASUAL ATTIRE

ARIDE was created to address the gap in training between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC) Program.

The SFST program trains officers to identify and assess drivers suspected of being under the influence of alcohol while the DEC Program provides more advanced training to evaluate suspected drug impairment. The SFST assessment is typically employed at roadside, while an officer trained as a drug recognition expert (DRE) through the DEC Program conducts a drug evaluation in a more controlled environment such as a detention facility.

ARIDE is intended to bridge the gap between these two programs by providing officers with general knowledge related to drug impairment and by promoting the use of DREs in states that have the DEC Program. One of the more significant aspects of ARIDE is its review and required student demonstration of the SFST proficiency requirements. The ARIDE program also stresses the importance of securing the most appropriate biological sample to identify substances likely causing impairment.

PARTICIPANTS WILL RECEIVE 16 HOURS OF CONTINUING EDUCATION CREDIT IN THE FOLLOWING CATEGORIES: 16HRS TECHNICAL STUDIES

MEMBER FEE: FREE

NON-MEMBER FEE: FREE
