Criminal/Drug Interdiction Techniques and Concealment Locations

Instructor: Greg Goltz

Greg Goltz is a 33-year veteran trooper. He is the instructor for his agency in Criminal Interdiction- Patrolling and has instructed Criminal Interdiction/Patrolling to thousands of law enforcement officers and their agencies from all over the United States. Greg is a veteran Police Service Dog handler, Firearms instructor and Team Leader for SWAT. He also worked very successfully in undercover operations purchasing illegal drugs of all kinds.

While working in the Patrol Division he has seized millions of dollars in United States drug related currency and literally thousands of pounds of contraband all while making normal traffic stops that he turned into Criminal Interdiction arrests/seizures. While still employed as a LEO he created CRIMINALaddiction Inc. and now travels all over the United States putting on seminars about these topics of: Interdiction, Search and Seizure, Basic Drug Investigations, Concealment (advanced) and much more. He is a declared Expert witness in both the State and Federal court systems and actively testifies about this subject matter for his own arrest cases as well as he is called upon for Expert testimony. He has received numerous awards for his Interdiction efforts and the training he provides, and currently has several "record size" seizures. He also has made presentations about this subject matter to several Governors. Greg is also responsible for very important case law that better enables officers to do this work including the now important United States v. Morgan, Walker, Jones. Join him, as he wants to spread his knowledge of catching people involved in all types of criminal activity and learn firsthand from individuals who are out there every day working the "ins and outs" of criminal interdiction / patrolling.

Course Objectives:

After attending, each student attending will have been provided the instruction to:

- Understand the current patterns and trends of contraband smugglers.
- Understand the exponential growth of Mexican Cartels and their impact.
- Identify legal traffic stops as well as all types of law enforcement encounters to include consensual encounters.
- How to make the initial traffic stop safely and then it into the Criminal Interdiction arrest.
- Identify the conversational questions and concealed interviews during the encounter.
- How to request consent properly and legally.
- Understand the proper K-9 deployment methods and case law pertaining to K-9's.
